

Informatics Tool Deep Dive Series

Emerse

This series is designed for researchers interested in leveraging informatics tools to support study planning and data-driven discovery. Sessions provide concise explanations and demonstrations of platforms like TriNetX, EMERSE, N3C, ENACT, and Open Specimen. Ideal for learning when and why to use each tool in the research lifecycle.

June 10th, 2026

11:00 am - 12:00 pm PST
