

## Seminar Series: A Community Engaged Approach to Recruitment and Retention of Populations in Research

Learn community-engaged strategies to build trust and improve recruitment and retention across populations in research.

**Following this event, you will be able to:**

- Identify at least two effective strategies for engaging community partners in research
- Describe best practices that support trust-based recruitment and retention of participants
- Explain the role of a Community Advisory Board (CAB) in strengthening recruitment and retention efforts

**Location: Via Zoom**

**Nicole Wolfe, PhD**

Co-director, Community Engagement SC CTSI

**DATE & TIME:**

**February 19, 2026**

**12:00 - 1:00 pm PST**
