Translating Science into Solutions for Better Health

Seminar Series - Ethics by Design: First in Human/Early Clinical Trials for High Risk Interventions

Sabrina Derrington, MD, MA, HEC-C
Director of CHLA's Center for Bioethics, SC-CTSI Director of Research Ethics

SCAN HERE TO REGISTER

Drs. Sabrina Derrington and John Cleveland discuss the ethical and clinical challenges of first-in-human research, and how their collaboration and community engagement shaped an ethical model for pediatric cardiac xenotransplantation.

By the end of this session, you will be able to:

- Name ethical principles relevant to first-in-human research design.
- Identify strategies to ensure first-in-human interventions are ethically and scientifically sound.
