

# Digital Scholar Webinar

## Selecting an Ecological Momentary Assessment Platform: A Tutorial for Researchers

### About the Webinar

This 60-minute webinar reviews work from the National Institute of Mental Health and Boston Children's Hospital to identify a best-fit ecological momentary assessment (EMA) platform for our research.

### Learning Objectives

By the end of this webinar, participants will be able to:

- Develop a list of their own prioritized lab-based needs for an EMA platform.
- Select an EMA platform among various platform options.
