

# Team Science Workshop

# Team Management

April 9th 12:00- 1:30 PM PDT

## What you'll learn:

- How to create a **team charter** that reflects your team's vision, values, and plans
- Tools for **team communication**, from turn-taking to optimizing your use of different communication channels
- Best practices for **authorship and dissemination** agreements

Faculty, staff, trainees, and students are **all welcome to attend**. The workshop is designed to be useful to all team members.
